

00:14:38 Abbey Salomon: If my LDD is not listed what should I do?
00:16:32 Adrienne Harrison | NBRC Team: Replying to "If my LDD is not lis..."

Can you please let us know which LDD you are looking for?
00:16:53 Sarah Demers | NBRC Team: Replying to "If my LDD is not lis..."

We are working on getting all LDDs that have "opted-in" registered in the GMS - we are nearly there. Check back by the end of this week. If you still don't see them, feel free to e mail us at admin@nbrc.gov

00:18:16 Abbey Salomon: Reacted to "We are working on ge..." with
00:19:11 Mary Thill: I missed where we find that step-by-step document on the right?
00:19:29 Abbey Salomon: Replying to "If my LDD is not lis..."

@Casey Haynes | NBRC Team I'll be working with TRORC
00:20:03 Sarah Demers | NBRC Team: Replying to "I missed where we fi..."

<https://www.nbrc.gov/content/program-areas>
00:20:16 Mary Thill: Guessing we apply KPIs to multiple locations?
00:21:19 Mary Thill: Replying to "I missed where we fi..."

Thanks!
00:24:51 Kyla Lawrence: Replying to "I missed where we fi..."

What if our project will span a large area across two counties without an individual address? How will this affect entering a location?

00:25:52 Aimee Green: should the target be a percentage with all totaling 100%?
00:26:18 Kyla Lawrence: Replying to "I missed where we fi..."

OK, thank you!
00:26:40 Sarah Demers | NBRC Team: Replying to "should the target be..."

No, each KPI has a different metric - some are # of households, or # of businesses, etc...
00:27:19 Aimee Green: Replying to "should the target be..."

thanks - the guide on the metrics is in the program document?
00:33:00 Kyla Lawrence: Replying to "should the target be..."

can you briefly go over the project map? Is it as it sounds- a map of the proposed project? or are there key details you're specifically looking for?

00:33:54 Sarah Demers | NBRC Team: Replying to "should the target be..."

The descriptions for each KPI are in the GMS AND in the Manual Appendix G where they are call Outcomes and Outputs

00:35:31 Aimee Green: Replying to "should the target be..."

thanks
00:37:08 Mary Thill: Replying to "should the target be..."

My "Project Map" category is marked "Not Applicable." Could that be wrong?
00:38:06 Aimee Green: do you need a project milestones/schedule and breakout and can that be in the form of an uploaded graph?
00:41:17 Adrienne Harrison | NBRC Team: Replying to "do you need a projec..."

Please include the milestones and timeline in the narrative text. If you would like to include a graphic that shows the milestones and schedule to supplement the narrative text, that is an option through the forms and files.

00:48:29 Jon Thompson: Has NBRC ever successfully paired with any HCR grants in the past, and if so,

was there any special accommodations?

00:49:01 Sarah Demers | NBRC Team: More information on NEPA as it relates to NBRC projects can be found here: <https://www.nbrc.gov/content/NEPA>

00:51:56 Sarah Demers | NBRC Team: Replying to "Has NBRC ever succes..."

Does HCR stand for NYS' Home and Community Renewal program? I believe these are CBDG funds?

00:53:53 Jon Thompson: Replying to "Has NBRC ever succes..."

Yes, CDBG funds or Low-income housing tax credits

00:56:40 Sarah Demers | NBRC Team: Replying to "Has NBRC ever succes..."

Yes, NBRC funds can be (and have been) paired with CBDG funds. CBDG funds DO NOT count toward the federal 80% funding limit.
